

Place or Remove a Hold

If a copy of a title you are looking for is not available, you can place a hold.

To place a hold:

From search results or a title's details page, click **Hold**.

The results section shows the book cover, title, author, and publication year. The "Call Number: F BRO" is displayed, and the "Hold" button is circled in red with a red arrow pointing to it. Other buttons visible are "Favorite" and "Add to Collection".

To remove a hold:

From search results, a title's details page or your [Holds page](#), click **Unhold**.
