## **Terms and Conditions**

*When buying a design from me, you're agreeing to these terms;*

- ★ The **Terms and conditions** for my commissions also apply to adoptable art rewards, which can be found [here](#).
- ★ You can resell, trade, or gift designs.
- ★ If you post the design on toyhou.se you may credit me as a creator **@prettyhim**.
- ★ You can change anything from the design, but this shouldn't affect the pricing when reselling it.
- ★ When reselling a design the price can't be higher than the original unless it comes with extra art.
- ★ The new owner of the design may know these rules.
- ★ Don't add your own rules to the designs.
- ★ You mustn't resell designs you didn't buy (received via trade or gift).
- ★ If one of these rules isn't being followed, you will get blacklisted for it.
- ★ Claiming/asking for a hold on a design and not letting me know that you don't want the design anymore or not contacting me in the time agreed gets you blacklisted.
- ★ These rules only apply to **original designs**, meaning they don't apply to Pokémon adopts unless they are Gijinkas or "inspired" designs.

## **Blacklist**

*Please do not harass any of the persons that I mention here. This is a personal list so I know who I should avoid when selling designs. If you're here and you don't understand why then feel free to chat with me or just read the rules to find out.*
