

BAME Vision Disability History Month – Disability, Childhood & Youth webinar

BAME Vision are pleased to be hosting a webinar which focuses on young people with a vision impairment, who will share an insight into their achievements, support systems, hobbies and how they are navigating through the education system.

Disability History Month runs from the 16th November – 16th December 2023. This years theme is Disability, Childhood & Youth, and we wish to shine a light on to those who are the future of tomorrow and showcase what is possible with the right adaptations and support. We will hear about some of the challenges they have broke through and learn about what keeps them motivated an inspired.

The speakers are:

- Ramneek Ahluwalia - Aged 21, Registered Severely Sight Impaired, an Electrical Engeneering Graduate, advocate for inclusion and diversity with the STEAM community, Winner of the Samsung Solve for Tomorrow 2022, shortlisted in TECH Women 100 awards 2022 & currently studying Design at the Royal College of Arts.
- Ethan Tailor – Aged 16, Living with Stargardt’s disease and studying for G.C.S.E’s. International speaker, Talented cook, completed the Duke of Edinburgh Bronze Award, enjoys swimming, martial arts, going to the gym and has climbed Mount Vesuvius in Italy.

When: Wednesday 22nd November 2023

Time: 7 - 8.30pm

Where : Online on Zoom
