

# Privacy Policy

Effective date: 2026-04-20

This Privacy Policy applies to the *Prism Shift* mobile application (“Application”) developed by Nezio (“Service Provider”). The Application is provided as a free service and is intended for use “AS IS”.

---

## Information Collection and Use

The Service Provider does **not** collect, store, or process any personal data directly through the Application.

The Application does not require:

- Account registration
- Login
- Email submission
- Manual entry of personal information

The Application does not access or collect:

- Your IP address
- Your precise location
- Your contacts
- Your photos or files

Any game logs generated by the Application remain stored locally on your device and are not transmitted to the Service Provider unless you manually choose to share them.

---

## Advertising

The Application displays advertisements through Unity Mediation, which may include third-party ad networks such as:

- Unity Ads
- Google Ads (AdMob)
- ironSource
- AppLovin

These third-party advertising partners may automatically collect certain device information (such as device identifiers, IP address, or general usage data) to provide and measure advertisements, in accordance with their own privacy policies.

The Service Provider does not control and does not store this data.

For more information, please review the privacy policies of these providers directly.

---

## In-App Purchases

The Application offers optional in-app purchases processed securely via Google Play Billing.

The Service Provider does not receive or store your payment information. All payment processing is handled by Google Play according to its own privacy policy.

---

## Analytics

The Application does not collect, transmit, or store any personal or usage data. No analytics services are active in the current version of the game. All gameplay progress is stored locally on the user's device and is not accessible by the Service Provider.

---

## Children

The Application is a general audience puzzle game. It is not specifically directed at children under the age of 13 or teenagers (13-18).

The Service Provider does not collect personal information from children. If a parent or guardian believes that a child has provided personal information through the Application, please contact the Service Provider so appropriate action can be taken.

---

## **Data Retention**

Since the Service Provider does not collect or store personal data, there is no user data retained on external servers.

Third-party providers (such as advertising networks or Google Play) may retain data according to their own policies.

---

## **Security**

Although no personal data is collected directly, reasonable technical measures are taken to ensure the Application functions securely.

---

## **Changes to This Policy**

This Privacy Policy may be updated from time to time. Any changes will be reflected on this page with an updated effective date.

---

## **Contact**
