Eyes on Text: Reading Mileage

We have set ourselves a goal of reading aloud for 1/5/10 minutes everyday this week to try to increase our

- **Fluency** - how MANY words we can read
- **Accuracy** - how accurate we are at reading the words correctly

NB: For the purposes of this DFI, you are going to do FIVE one minute reading bursts! Pretending you read for one minute every day last week. You replace the dates with consecutive dates from last week. **Delete these instructions** in red :)

Get organised

- Select the text you are going to read aloud
- Have the cursor in the correct place on the table below
- Get your timer ready (on your phone, your watch or use the Omnibox of the Chrome browser)
- Use Voice Typing to record your voice as you read aloud: Tools > Voice Typing
