All students are automatically considered for an academic scholarship. Academic scholarships are awarded to incoming freshmen who perform at the top of their class on the Saint Joseph Entrance & Scholarship Exam. These incoming freshmen must also have scored in the top percentiles in prior standardized tests and must have achieved high marks on previous report cards.

Please note that Saint Joseph attracts many high achieving students and, therefore, the awarding of academic scholarships is extremely competitive. Students eligible for academic scholarships will receive notification with the offer of admission.

Additional scholarships are available to students who meet the individual scholarship criteria, including, but not limited to, a formal essay.
