

# Transgender Awareness Week

Monday 13th - Sunday 19th November

With Trans Day of Remembrance Monday 20th November

## WHAT IS TRANSGENDER AWARENESS WEEK

Transgender Awareness Week is a week when transgender people and their allies take action to bring attention to the community by educating the public about who transgender people are, sharing stories and experiences, and advancing advocacy around issues of prejudice, discrimination, and violence that affect the transgender community.

## WHY IS GONE WILD AUDIO GAY PARTICIPATING?

Because transgender people are hot as fuck and we want to show our transgender listeners, VAs and writers that not only are they worthy of being desired but we love what they bring to our subreddit and how our community is bolstered by their presence.

This event is an opportunity for content creators to push their boundaries (if they haven't produced content like this before), transgender listener's to feel validated and desired, cisgendered listener's to hear the stories and voices of transgender speakers and writers and for us oldies on the subreddit to show the fuck up.

## GET INVOLVED!

Getting involved couldn't be simpler as there's no theme - only the production of meaningful and uplifting content by and for Transgender listeners. Whether that's a ramblefap, a perfectly curated script, a spicy original audio or a fill of an already posted script, the possibilities are literally endless!

**By signing up, you're pledging yourself to submit at least one post to our subreddit during the week of 13th - 19th November.**

## OTHER STUFF TO KNOW

### DISCORD

All pledgers will be invited to join a Discord Server for coordination and give creators an opportunity to share experiences, ideas and give feedback - you don't have to join this if you don't want to, but the opportunity to learn from other people and curate your work into the best it can be is an opportunity not to be missed!

### CREATING CONTENT FOR TRANSGENDER LISTENERS

If creating content for a transgender audience is a little intimidating because you haven't done so before, we've created a handy resource (using data from a survey we conducted earlier in the year) that demystifies some of the preconceptions surrounding transgender persons.

### I'M A \_\_, CAN I GET INVOLVED?

The answer is no-doubt going to be yes.

We welcome female writers, new and experienced voices, cis-gendered, trans or non-binary. The only stipulation is that voices in audio work remain male, masculine-presenting or non-binary otherwise, hop aboard friend!

If you're reading this as a person who you think may not necessarily fit within our subreddit's celebration (such as a female or trans-female voice actor) why not advocate for transgender persons in your own way during the week and post to an alternative subreddit such as:

[r/GoneWildAudio](#)   [r/GonewildAudibles](#)   [r/GWASapphic](#)   [r/GoneWildAudioTrans](#)

If the above is true, you would still be welcome to join our collaboration discord and share in the community spirit and support - just submit a pledge via the form above and state the intent when applicable!

### TO THE HATERS

Not that they probably got this far... please know that any nastiness you choose to spout behind the anonymity of a google form is just deleted.
