

Class of 2029 Important Information

Registration Information

The following information is intended for students who took the Entrance Exam at Nazareth Academy and have received notification of acceptance.

Welcome to the Nazareth Family!

Summer Learning

Looking for your summer reading assignments? [Click here](#) to visit the Summer Learning website.

Freshman Party

Nazareth is excited to welcome our Class of 2029 to campus for a Freshman Party on Sunday, August 10.

Please view the shared [invitation](#) and [submit your response](#) (one per child) via the QR code no later than August 5, 2025.

A reminder with details will be sent a few days before the event. Please contact Kristen Stoetz at kstojetz@nazarethacademy.com with any questions.

iPad Class

Nazareth will be offering three sessions of Technology at Nazareth for incoming students on July 28-31. This optional course will be taught by Mrs. Claxton, Nazareth's Education Technology Coordinator, and is limited to 15 students each.

Technology at Nazareth familiarizes students with the iPad for educational purposes, establishing the device as their most important school supply. The course will focus on device operation and maintenance, digital citizenship and more. We will explore frequently used apps including Gmail, Drive, Classroom, Docs, Sheets, Slides, Classkick and Notability. The class will

also look at best practices for organization and planning through notetaking and productivity apps. We'll also get creative with digital design.

Added benefits of the class include the opportunity to meet other incoming students and get familiar with the Nazareth campus. This class is well suited for students who have not regularly used an iPad for school or whose digital academic experience has been primarily with Chromebooks.

The class fee is \$75 and students must register by June 1 using this form: [Incoming Freshman iPad Classes](#).

If you have any questions, please contact Laura Claxton at lclaxton@nazarethacademy.com.

Athletics

Fall sport tryout information and registration are now available on our [athletic home page](#).
