Dear Donor,

I hope this letter finds you in good health and high spirits. My name is Chuck Mooney, and I am writing to you on behalf of the McDonald Middle School 8th-grade class. We are currently organizing a basket raffle event to raise funds for an exciting and educational field trip to Washington, D.C. At McDonald Middle School, we strongly believe in providing our students with opportunities for immersive learning experiences beyond the traditional classroom. This field trip to Washington, D.C., will allow our 8th-grade students to explore historical landmarks, experience the rich culture of our nation's capital, and gain a deeper understanding of our country's history and government.

To make our basket raffle a success, we are seeking donations from local businesses like yours. Your generosity will contribute directly to the success of our fundraising efforts and help alleviate the financial burden on our students and their families. The basket raffle will take place on February 4, 2025. We anticipate a significant turnout from our students, their families, and the local community. By donating to our cause, your business will gain valuable exposure and recognition as a supporter of education and community development.

We kindly request your support through a donation of any kind: products, gift certificates, services, or monetary contributions. Your contribution will be acknowledged during the raffle event, on our school website, and through our social media channels. **Please contact Emma Powell at empowell87@yahoo.com or (330) 367-7191 if you would like to donate or assist with the event.**

We truly value the contributions made by our local businesses, and we thank you in advance for your consideration and support. Together, we can make a positive impact on the lives of our students and provide them with an unforgettable learning experience. On behalf of the 8th-grade students and the entire McDonald Middle School community, we extend our heartfelt gratitude for your support.

Sincerely,

Chuck Mooney
