Dear Guardians and Students,

The Eagles Team is excited to welcome you and your child to seventh grade. Our goal this year is to help your child develop lifelong skills to be successful in seventh grade and beyond. These skills include collaboration, creative thinking, communicating in various forms, self-advocacy, and more. We realize that we cannot achieve this goal alone, so we are asking for your ongoing assistance. If you have any questions regarding your child's progress, we encourage you to call the school (701-746-2330) during team planning time (10:02 - 10:50 am). With your support, we expect this year will be a positive learning experience for everyone. Let's make it an awesome year!
