| "Environmental Justice is about knowing that future generations will be able to survive here, that they will be able to drink clean water"                    | Music: background low volume                                    | Transitions: Dissolve<br><br>Photos of organizers at the river clean-up day (1-3)         |
|                                                                                                                                                               | Audio from interview with organizers (2:30) Music fades in      | Photos of organizers at protest (4-7)                                                     |
|                                                                                                                                                               | Music volume: full                                              | Graphic Design: Show survey results (Two slides) - white font, AMATIC GRAY                |
| The survey results clearly show that people are interested in knowing more about how they can help. So, the river clean-up crew proposed some real solutions. |                                                                 | Video from River Day of Service (get permissions to use photos)                           |
|                                                                                                                                                               |                                                                 |                                                                                           |
|                                                                                                                                                               |                                                                 |                                                                                           |
