Board of Education selects Michigan Leadership Institute to help with Superintendent Search

West Bloomfield, MI - On Monday, December 13, the West Bloomfield School District Board of Education voted to hire the Michigan Leadership Institute (MLI) to assist with the superintendent search process. Dr. Gerald Hill will be retiring in June 2022.

The Board of Education conducted interviews with two firms: Michigan Association of School Boards (MASB), and Michigan Leadership Institute (MLI) during the study session on Monday, December 6.

MLI has conducted more than 400 superintendent searches. MLI searches are led by a regional president who facilitates the search and acts as the direct contact with the board, community, and candidates. All MLI searches are supported by the full team of MLI regional presidents who collaborate on the search effort to ensure that the best-qualified candidates are brought forward for consideration. All MLI searches are national searches. MLI continues the search until the Board finds and employs a highly-qualified candidate whom they believe is the right fit for the District.

The Board of Education will have their first planning meeting with MLI on Tuesday, December 14 beginning at 6:30 p.m. The meeting will be held in the conference room at the Administration and Community Services (ACS) Building, 5810 Commerce Road, West Bloomfield.

Updates on the search will be posted on the District's website at www.wbsd.org.
