

Cupertino Alliance Member States Positivity Survey

Over the course of 30 days, 30 respondents were recorded. The survey asked participants to rank each Cupertino Alliance Member State (at the time of writing) on a scale of 1-5 (picking either 1, 2, 3, 4 or 5) based on how positively the participant viewed said nation. 1 being the least positive whilst 5 was the most positive. This survey was heavily based on a similar one conducted by Zarel Smith in July 2020 regarding GUM members and is the second in the Cupertino Alliance Member States Positivity Survey.

Blue: Nation has been expelled from the Cupertino Alliance

Green: Nation was an Observer state as of 25 December 2020
