

*Re: Dracula Episode 30: July 22—
Rough Weather*

[Sound of ocean waves.]

[Soft music plays.]

CAPTAIN

Log of the "Demeter." 22nd July.—Rough weather last three days, and all hands busy with sails—no time to be frightened. Men seem to have forgotten their dread. Mate cheerful again, and all on good terms. Praised men for work in bad weather. Passed Gibraltar and out through Straits. All well.
