### Internally Assessed Standards

These are standards that are worth credits if you pass the assessments during the year. There is no external examination for this standard at the end of the year.

Achievement Standard	Credit Value	Type of Assessment	Check Point(s)	Final Submission Date	Expected Date of work returned
92000 (1.1) v3 <b>Generate Product or Spatial design ideas using visual communication techniques in response to design influence.</b>	5	Research, Sketching, Modeling, Digital and written work all collated into a google slide template.	27th Feb	24th April 2026	2 weeks after hand-in
92001 (1.2) v3 <b>Use representation techniques to visually communicate own product or spatial design outcome.</b>	5	Digital, physical rendering or model making	2nd June	19th June 2026	2 weeks after hand-in

- Internal Assessment Dates are approximate and may change due to unforeseen circumstances and/or the rate of student learning.

### Externally Assessed Standards

You will complete one Externally Assessed Standard during the year AS92015. These will be completed in class over a two-week period and the content will be drawn from your internal assessments. Preparation for this external will take place in the weeks leading up to the assessment.

Achievement Standard	Credit Value	Types of Assessment	In-Class Examination Period	Submission
92002 (1.3)v3 <b>Develop a product or spatial design ideas informed by the consideration of people.</b>	5	Portfolio	N/A	30th October 2026

## WHS Assessment Policy:

### Reassessments and resubmissions:

A **resubmission** of an internally assessed standard may be allowed where a small error or omission has occurred that prevents the student **from reaching an 'Achieved' grade**. In the case of a resubmission, the student will be given the opportunity to review their work in the presence of the teacher, must be able to identify the error themselves, and identify the changes that would be needed to correct the error, all within approximately 15 minutes. The substance of any resubmission must be recorded in writing and signed off.

### Please note the changes to resubmissions:

- The only change in grade boundary available for resubmissions is from 'Not Achieved' to 'Achieved.'
- On this basis, the highest grade that can be awarded as a result of a resubmission of an internal assessment is limited to 'Achieved'.

### Handing in Work:

Each of the assignments must be handed in by **9:00am** of the date due. Ensure that you have read and comply with the WHS Assessment Policy. Note particularly the comments regarding authenticity and extensions.

**WHS Assessment Policy:** [The Wakatipu High School assessment policy is fully outlined HERE.](#)

Please take particular note of the policy on Extensions and Authenticity, which include the following;

### Extensions:

Extensions for assignments may be granted but only by prior arrangement (at least five days notice is required) with evidence of the work done so far. Extensions are granted only in extreme circumstances as there is ample lead-up time for all assignments involving work at home. Having assignments in other subjects is not an extreme circumstance, nor is computer failure. Requests for extensions must be made to the Principal's nominee, (Mr Richards) not the subject teacher.

### Authenticity / Misconduct:

A student who puts his/her name to a piece of work or who reasonably expects to receive the mark awarded to a piece of work, is clearly stating that the work is genuinely all his/her own. If this proves not to be the case then the student will be deemed to have cheated and will receive a Not Achieved grade. A Not Achieved grade will also be awarded to the student providing the information.

**Subject Endorsement:**

*To obtain a Merit (or Excellence) subject endorsement, candidates must gain at least 14 credits at the Merit (or Excellence) level with a minimum of 3 credits from Internal assessment plus 3 credits from External assessment.*

**Prize winners:**

*End-of-year prize winners will come from the final grades in internals 1.1 and 1.2 that are converted to a GPA (E=4, M=3, A=2).*
