The quotes are estimated prices only. By getting a quote this does not mean your slot has been secure .

Please add all details needed to get a good quote!

I sadly can only do heads and simple tails at the moment (also small hands but they are not perfect!)

I can **try** to do any species/design!

These are taken by slots and they will be **limited!**

Custom Suits

To get a custom order you will need a clean and clear reference sheet, this will need to include the front, sides and back of the character.

Color matching of the fur/materials will be discussed in previous ordering, and I will try to match as much as I can to your character but please be aware not all colors exist.

I have my own style of suits! I won't be matching others makers style or even reference of the character. My style is quite toony! so keep that in mind

Payment

For this type of commission I will only be accepting paypal!

I require the 30% of the payment that will not be refundable, this will be used to buy the fur and materials for your commission and to hold your slot. I will need half the payment to start the suit and full payment to ship it to you!

Paying full will mean for me to work first on your commis

I sadly CAN'T guarantee everything will be perfect, but i will do my best to match your character as much as i can!

I don't do rush fursuits! I can't assure you a date to be finished because these take quite a lot on me, but you're always welcome to ask for any updates!

I use a balaclava and my heads are quite big in general so they should be able to fit most people, but please keep in mind i don't do tailor made ones! If you use glasses let me know and I could make it a bit bigger to fit them, I will try my best!

Full refunds issued if:

1. Be patient! I will **NOT** refund just because you don't want to wait==
2. I feel as if I cannot finish the piece due to art block or lack of interest, despite how much I have done with the commission. – (if it is the case the character will be modified to be a premade)
