ElectricSheepCity:

Bread N Butter with Hydra, work work, parents came and went (bye Felicia) I've played Twist to Diamond 3 (so far...) before show tonight, and I'm ready to talk some HS with my buddies. Hydra how was ur week?

Hydralisk:

- B&B was great!
- Finished off The adventures of Tom Sawyer and and now part way through Ernest Hemmingway's first novel - The Sun also rises.
- I am at 5/33+ after 2 months so I have to pick it up! At this rate I will get only to 30 books read
- I played a bunch of aggro druid last week but that's not relevant now
- Hoping to hop on after the show and play some day 1 twist as I just got home from work! Made a zoolock and played a couple right before the show

Twist debacle!

Bots in HS at large

Class Frequency Discussion

Deck frequency data now includes the Asia server, but not because the bot problem in Hearthstone has been alleviated. It's because the America server has become almost as bad, so there's little point excluding one of the servers. It does make the ladder climb much easier for the average Hearthstone deck, but the botting plague might be the most serious problem currently facing the game. We noticed the most recent ban wave, but bans need to come in more frequently and at a bigger scale for this issue to be dealt with effectively.
