It is not possible, we want to do it but we have no path to getting the rights back at this time.

You've asked multiple times for this title, we get it. You know very well we can't comment on title suggestions.

I apparently, dislike Projects that were stalled for no reason, also do not beg animeigo for requesting haikara san to their licenses because AnimEigo always tends to pick licencing animes that they are interested to export it, also Explain the reasons why you stalled it, NO FLIMSY EXCUSE BECAUSE I HATE PEOPLE WITH THAT CRAP
