Dr. Carlos Omar Aguilar-Navarro
MSc. Rodrigo Mejía Mancilla
Curator of AMIDI.Biblioteca
Academia Mexicana de Investigación y Docencia en Innovación S.C.

Letter of Originality Declaration, Authorization for Publication, Co-edition or Editorial Incorporation, and License of Use

The undersigned persons, acting as authors, coordinators, academic editors, or authorized representatives of the work, hereby declare, under oath, that the work entitled:

Title in Spanish:

“ _____ ”

Title in English:

“ _____ ”

corresponds to the following editorial modality:

AMIDI Editions

Academic work published under the editorial responsibility of **AMIDI Editorial**, with AMIDI ISBN, academic peer review, open access, digital preservation, editorial metadata, and dissemination through **AMIDI.Biblioteca**.

AMIDI Co-editions

Academic work developed through formal collaboration between **AMIDI Editorial** and one or more universities, research centers, academic networks, chairs, research groups, academic publishers, or co-publishing institutions, with institutional traceability, academic peer review, open access, digital preservation, editorial metadata, and dissemination through **AMIDI.Biblioteca**.

Academic Works Associated with an AMIDI Co-edition Process

Academic work originally published by universities, research centers, academic publishers, or external institutions, incorporated into **AMIDI.Biblioteca** through formal authorization for purposes of digital preservation, open access, scholarly dissemination, interoperability, metadata harvesting, and editorial traceability.

This modality does not replace the ISBN, peer review, license, ownership, editorial responsibility, or edition of origin. However, when express authorization is granted by the corresponding institution or rights holder, the work may be formalized as an **AMIDI co-edition**, incorporating the name, imprint, or logo of **AMIDI Editorial** on the cover, legal page, public record, metadata, digital file, and dissemination materials. The use of the AMIDI logo acknowledges AMIDI's institutional participation in the co-edition,

digital preservation, scholarly dissemination, interoperability, and open-access availability of the work, without disregarding the edition or editorial responsibility of origin.

The undersigned persons declare that **THE WORK** is the result of original intellectual and academic work or, where applicable, that they have sufficient legal and editorial authorization to request its publication, co-edition, or editorial incorporation into **AMIDI.Biblioteca**, according to the modality selected.

They further declare that **THE WORK** does not infringe copyright, image rights, intellectual property rights, confidentiality, privacy, personal data protection, or third-party rights. If the work includes texts, images, tables, figures, photographs, instruments, data, or other third-party materials, the undersigned declare that they have obtained the corresponding permissions or have provided the proper citation, attribution, or reference.

Originality and Anti-Plagiarism

The undersigned persons declare that **THE WORK** does not incur plagiarism, undeclared self-plagiarism, editorial duplication, fabrication or falsification of data, manipulation of results, unauthorized use of third-party materials, or misappropriation of ideas, texts, images, tables, figures, instruments, or data.

AMIDI.Biblioteca may verify the originality of **THE WORK** through anti-plagiarism software, including **iThenticate**, as well as through editorial review and analysis of similarity, citations, references, and sources.

The detection of plagiarism, unjustified similarity, extensive reproduction without authorization, undeclared self-plagiarism, or improper use of sources may result in requests for clarification, corrections, editorial rejection, suspension of the process, withdrawal of the work, or the adoption of the corresponding editorial measures.

Authorization for Publication, Co-edition, Preservation, and Dissemination

The undersigned persons grant **AMIDI Editorial** and **AMIDI.Biblioteca** a **non-exclusive authorization** to review, peer-review, edit, copyedit, typeset, design, publish, co-edit, reproduce, preserve, disseminate, publicly communicate, describe through metadata, and make **THE WORK** publicly available in digital media, for academic, scientific, cultural, educational, editorial, preservation, open-access, and interoperability purposes.

This authorization includes, where applicable, the editorial management of ISBN, Crossref DOI, editorial metadata, digital preservation, interoperability through OAI-PMH, academic visibility, metadata harvesting, and discoverability in compatible systems, without implying any guarantee of indexing, automatic inclusion, or permanence in external platforms.

The undersigned persons authorize **THE WORK** to be published, co-edited, or incorporated in open access under the **Creative Commons Attribution-NonCommercial 4.0 International License (CC BY-NC 4.0)**, unless a different license has been previously authorized and is compatible with the selected editorial modality.

This authorization does not imply any waiver of the authors' moral rights, nor does it disregard the ownership, edition, ISBN, peer review, or editorial responsibility of origin, when the work corresponds to Academic Works Associated with an AMIDI Co-edition Process.

Responsibility

The undersigned persons assume full responsibility for the authorship, originality, content, sources, permissions, images, data, opinions, and materials included in **THE WORK**.

In the event of any claim, controversy, or litigation related to copyright, intellectual property, image rights, data, permissions, plagiarism, similarity, authorship, ownership, or originality, the undersigned persons agree to respond to such situation and to hold harmless **AMIDI.Biblioteca**, **AMIDI Editorial**, and the **Academia Mexicana de Investigación y Docencia en Innovación S.C. (AMIDI)**, except where liability arises directly from acts attributable to AMIDI.

The undersigned persons declare that they have read and accepted the terms of this letter and the editorial, ethical, open-access, peer-review, licensing, preservation, originality, and interoperability policies of **AMIDI.Biblioteca**.

Sincerely,

Author / Coordinator / Academic Editor / Authorized Representative
