Safe & Secure

R6B Security Services

We provide the most thoroughly screened, best trained, and most strictly supervised officers in the state of Arizona that we feel will best represent both your organization as well as ours. With our diverse background and expertise we have been hired to provide both armed and unarmed officers, depending on your needs. Both have passed our rigorous standards. But those who have qualified as unarmed officers and wish to also qualify as armed officers must meet additional testing and training requirements.

Our Uniforms are of the highest quality material and standards available in the industry- they are designed with a professional approach.

Safe & Secure

Residential Security Services

Keep the Front Door to Your Community Secure. A safe community makes for a happy community. You want to keep your residents, their families and their guests safe, and a big part of maintaining their safety and keeping your neighborhood a desirable place to live lies with your residential security officers. At R6B Security Services, we have expertise providing responsive, residential security officers who truly become part of your community.

Corporate Security Services

In widely differing regulatory environments and cultures around the state of Arizona, corporate and industrial organizations depend upon security for their long-term prosperity. In a world of diverse and complex risks, delivering effective security is a very real challenge.

Retail Security Services

Retail businesses cannot thrive and prosper unless premises, stock, employees and customers have a safe and secure environment. In today's tough economic climate, being faced with diverse and often growing risks, ensuring the security of key assets – people, takings, products and reputation – is a challenge for any retailer.

R6B Security Services understands that true benefit from retail security is not gained simply by providing uniformed personnel at the storefront, its by providing layers of deterrent as well as procedures.
