McIntyre Media
User Guide

Halton District School Board | Library Services

What is McIntyre Media?
McIntyre Media is an education video streaming service with a collection of award-winning content, that includes videos by subject area with descriptions that include grade levels, running times, and summaries. Suitable for all Grades!

Why Use Educational Streaming Videos?
Educational streaming videos are excellent tools to use for both staff and students. Here's why!
- All resources are vetted for educational use and often include 'Teacher Guides' or other resource materials.
- Material is suitable for classroom use and is free from copyright infringement.
- Streaming content provides an alternative learning method than traditional text and allows for different comprehension levels.

How to Access McIntyre Media?
Like all of our online information resources, you have access to McIntyre Media 24/7! When you're at school there is no need for a special login. When you're doing homework at home, you'll be asked to use your Halton District School Board E-mail address to log in. Just follow the instructions on the screen!

Getting Started!
Once you open McIntyre Media, you can use the 'Search' field to research by 'Title', 'Keywords', or 'Subject'. You can also access videos by clicking on the 'View All Playlists' button. Once you find what you're looking for, just click!

Accessibility for Everyone!
Everyone learns differently. Whether you need the text read aloud, translated to another language, or just made a little larger, your Internet browser has tools to make it happen.
- Watch for the 'Closed Captions' icon for videos that have this feature enabled

Cool Tools!
You'll find lots of great shortcuts and features in McIntyre Media. Keep an eye out for these ones!
- Use the 'Unique URL' to share content.
- Review other 'Titles From This Playlist' at the bottom of the result page.

Teacher Resources
Some McIntyre Media videos come with 'Teacher Guides'. To open, click on the PDF link under the 'Additional Resources' heading located at the bottom of the video's description.
