8. Format

Each week players will play 4-5 rounds (based on teams playing that week).

The first round you will be paired randomly

In later rounds players will be paired against other players with same win record that evening. (or closest possible match).

If you lose 2 games in one evening you will be done for that week.

After all 5 rounds are complete players will earn points based on how many games won.

After 4 weeks we will take each players best 3 scores and invite top players to playoffs. Exact number of players invited to playoffs will depend on the number of players in week 1.
