

### Acorns

Children may engage in some of the following play experiences.

**Spark:** It is national bee week next week and the children have been researching insects.

#### **Focus: Bee Art**

The children will be using natural materials to make models of bees. They will be applying their creative and fine motor skills to create their model.

**Spark:** The children are interested in wood work tools.

#### **Focus: Woodwork**

Children will be learning to use real tools safely and hammering nails into wood.

**Spark:** The children have been threading and exploring different materials for sewing.

#### **Focus: Sewing**

Using their creativity and crafting skills, the children will be sewing and stuffing different cushions for the home corner.

**Spark:** It is national bee week next week and the children have been researching insects.

#### **Focus: Bee Research**

The children will be researching bees using books and online materials. They will also be encouraged to share their own knowledge and ask their own questions about bees.

**Spark:** The children have been learning about the life cycle of frogs and exploring the pond outside.

#### **Focus: Outdoor Water Play**

Children will be playing with water in a combination of sensory and practical experiences. They will be watering plants, problem solving with water pipes outside and talking about what we use water for.
