

Instead of this...	Do this...
Starting your RQ with “To what extent” Example: To what extent did Stalin improve the lives of women from 1930 to 1940?	Choose two things (e.g. lenses, places, elements, etc.) to focus on and decide in your conclusion Example: Did Stalin’s agricultural reforms or political reforms have a more positive effect on the lives of women in Russia from 1930 or 1940?
