- ❖ You can do **crossover events** with Cura HQ or with any other Cura Chapter.
 - For example, Cura New York may want to host a webinar with Cura Toronto related to a monthly cause.
- ❖ **Various guides** have been provided and those **links** can be found on the **Cura Website**, if extra guidance and support is required.

You can find **guides** such as the :

- Creating a System Guide

- ❖ Chapter's executive team is required to **keep in touch** with their designated **mentor** - Karina, Divya or Angi - to keep track of progress. Meetings with co-founders should be conducted on a **bi-monthly basis**.

Individuals on the **Cura Core team** can **apply** to start a chapter within their city if one does not already pre-exist. Regardless of their position on the core team, they will go through the **same requirements** to start, operate and main a chapter. The criterions can be found here: [📄 Requirements of a Chapter](#) .
