

# How Legislation is Presented and Passed

*\*Coaches Association may conducted an informal survey of coaches regarding change to present to ADEC. Recommendation for change is approximately 75% or higher approval from coaches association. Following the coaches survey, the coaches association president should contact their sport's ADEC representative to be added to the next ADEC agenda. At least one member of the coaches association presidency should present to ADEC.*

*Realistically proposed changes, especially those involving funds, need to look at a year out for implementation from when proposal is first made to ADEC. ADEC, EC, and BOT meet almost monthly during the school year.*
