## RULES

- Be specific about what you want, I don't need the character's lore, only visual raw information  
Example
- Be careful with how you structure your request because the majority of the time I only refer to your original opening reply for com information.
  - Avoid Information dumping and asking unrelated questions
  - Respect the fact that I might not know your characters by their names
    - Changes should be brought up in the WIP stage
- Any changes brought up after the fact might require extra payment or might get declined
  - A single person can claim up to 2 slots
  - Any extreme fetishes will be declined  
(you can refer to my "NoNo" list for reference)
    - Payment upfront
- If you fail to reply on any updates within 48 hours I reserve the right to continue the commission without your input.
