

## DREAM TEAM HUDDLES

A **huddle** is a moment for the team to gather together, usually in a tight circle, to strategize, motivate or celebrate. Commonly the leader of the huddle is the team leader. Similarly, after an event a huddle may take place to congratulate one another for the team's success, or to commiserate a defeat.

As a guide to structure your Sunday huddles, you can access the huddle "Game Plan" in Planning Center Online each week.

### WHY WE HUDDLE

- To remember spiritual reality: It's easy to get into task mode and forget that we are building the kingdom of God. We take a moment to pause and remember and connect with God in our serving.
- To cast vision: We remind our team the value of our service in bringing guests from where they are, to being able to hear the message and make a decision for Christ.
- To strategize: To "call the play" of the service for our team. If the service flow requires an unusual play by our team, we call the audible and run with it.
- To celebrate: Celebrate the team and the number of Salvations last week. Each number is a heart given to Jesus!

### HUDDLE IS FOR THE TEAM

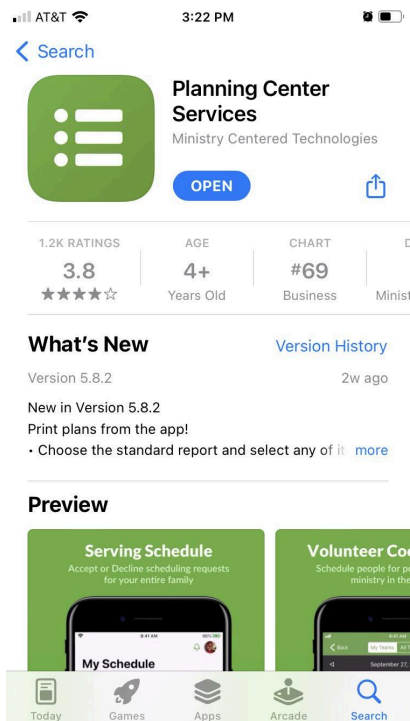

There is no "I" in team! As a team, we love to develop relationships, pray for each other's individual needs, and help each other take next steps. But, we don't do that in the huddle – we do that in our fellowship time before and after service. The huddle is for the team as a unit. Sharing individual prayer requests in the huddle takes our hearts and minds off of our focus which should be on the people we are serving!

### TIME

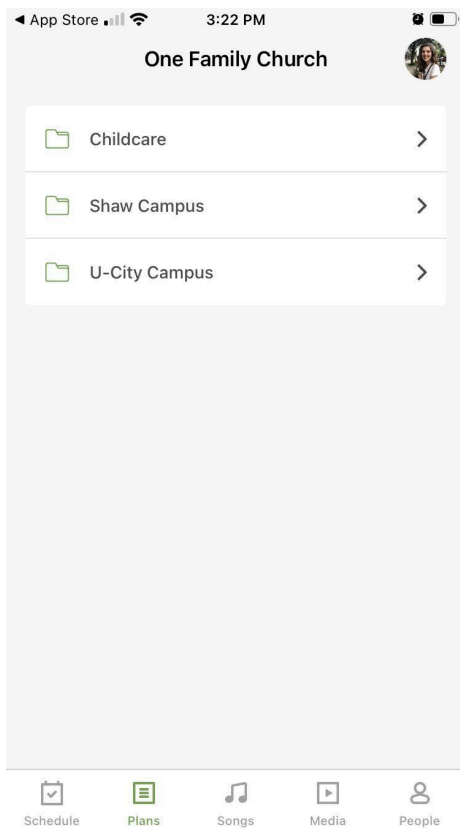

Just as time counts in a game huddle, time is important in our team huddles. Huddles should be short and effective. We call the play and get going!

### WHAT'S THE WIN?

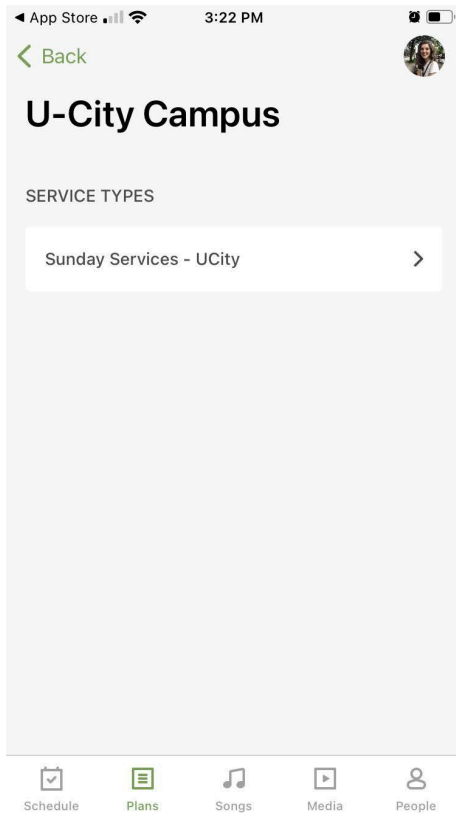

- **Our culture** remains strong and clear when our leaders offer effective huddles
- **Clarity of why** we get to serve today
- **Clarity of what** the service should look like
- Full team **awareness of changes** that will affect our serve
- Everyone is "in the know", so it says that **everyone matters**
- **All about team, less about me**
- **What we get to be a part of** - stories of salvation, baptism, answered prayer, ministry, etc.

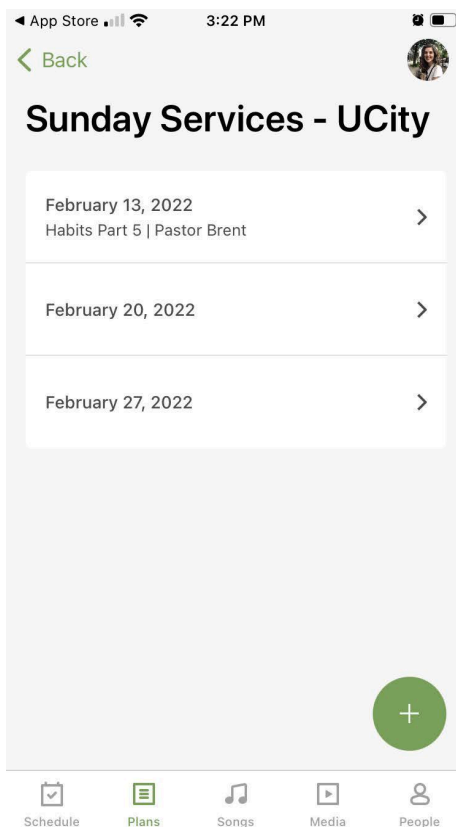

Download and open the Planning Center Online app.

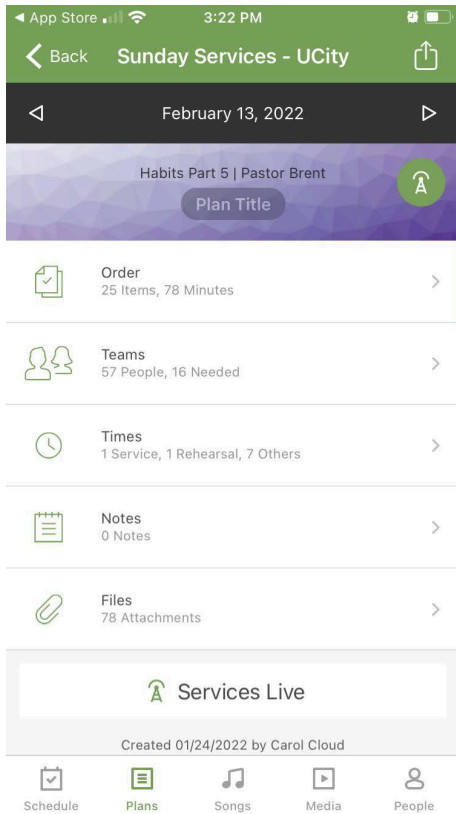

Select a campus.

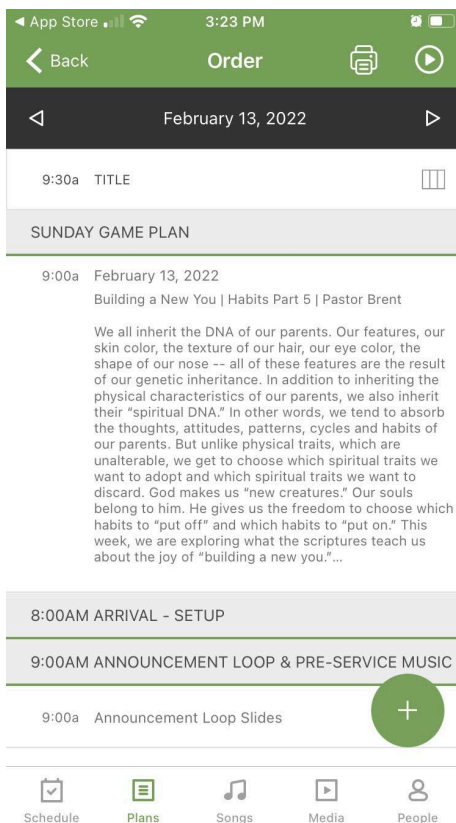

Select the service type.

Select today's date.

Select **Order** at the top of the list.

Click anywhere on the **Game Plan** text to see the huddle in full.

DESCRIPTION

Building a New You | Habits Part 5 | Pastor Brent

We all inherit the DNA of our parents. Our features, our skin color, the texture of our hair, our eye color, the shape of our nose -- all of these features are the result of our genetic inheritance. In addition to inheriting the physical characteristics of our parents, we also inherit their "spiritual DNA." In other words, we tend to absorb the thoughts, attitudes, patterns, cycles and habits of our parents. But unlike physical traits, which are unalterable, we get to choose which spiritual traits we want to adopt and which spiritual traits we want to discard. God makes us "new creatures." Our souls belong to him. He gives us the freedom to choose which habits to "put off" and which habits to "put on." This week, we are exploring what the scriptures teach us about the joy of "building a new you."

Serving Focus: Unity in Diversity  
We are brothers and sisters. We are family. We are one.
