Buying and Selling on eBay

The eBay course lasts for just one morning (usually a Friday morning) from 9.30am to 12.30pm.

The first part of the session deals with setting up an eBay account followed by how to buy on eBay. The second session (after tea/coffee) deals fully with selling on eBay (photos, descriptions, prices, postage and packing etc.)

I provide very detailed notes, so you just need to bring along a pen in case you want to write anything on the notes as a reminder.

There is only a very short waiting list, so if you have unloved or unwanted articles to sell or you are just interested in how eBay works, click on the green “Apply to join” link, fill in your details and I will get back to you.

The next session will take place when there are enough members registering an interest, possibly in October/November of this year.
