Tutoring Program Details

- Tutoring is available in all K-12 subjects 24/7 (before, during, and after-school).
- Student participation in online (voice and/or text chat) tutoring services is completely optional.
- Students will use the same CCPS (Rapid Identity) platform they are familiar with for online learning.
- The tutors employed by Tutor.com do not work for Clayton County Public Schools.
- All tutors are subject matter experts and must pass a thorough background check conducted by Tutor.com and meet Federal and State requirements (aligned to CCPS practice).
- For the purposes of safety and security, every tutoring session is recorded, and transcripts are available (up to 6 months) for students, parents and CCPS staff to review if needed.

CCPS encourages all students and their families to take advantage of these free resources as well as ask parents to remain informed on their child's academic performance by checking the Parent Portal (Infinite Campus) for up-to-date information relative to grades, attendance, and more!
