The importance of an occupation after retirement

The importance of an occupation after

Retirement

As we get older we sometimes begin to doubt our ability to "make a difference" in the world. It is at these times that our hopes are boosted by the remarkable

achievements of other "seniors" who have found the courage to take on challenges that would make many of us wither.

Harold Schlumberg is such a person:

THIS IS QUOTED FROM HAROLD:

"I've often been asked, 'What do you do now

that you're retired?'

Well...I'm fortunate to have a chemical engineering background and one of the things I enjoy most is converting beer, wine and whiskey into urine.

It's rewarding, uplifting, satisfying and fulfilling. I do it every day and I really enjoy it."

Harold is an inspiration to us all.
