STUDENT HANDBOOKS

In order to inform students, parents and staff members of pertinent School Committee policies, regulations, and school rules and procedures, the administration shall publish and annually revise student handbooks containing information about the school unit as a whole and the individual schools. The contents of student handbooks must conform to School Committee policies, administrative procedures, and state and federal laws and regulations.

School administrators shall conduct an annual review of the student handbooks. Each August the School Board will receive an updated version of the student handbooks. All first editions of handbooks and any substantive revisions are to be approved by the School Committee prior to publication.

Handbooks shall be distributed to all students and parents the first week of each school year and to new students and parents when they enroll.
