Many aspiring people began their trading journeys with a glow in their eyes and a heart full of hope, *but...*

BARELY 5% OF FOREX TRADERS ARE CONSISTENTLY PROFITABLE

Hey mate, my name is Mark.

I'm one of those very few who managed to 'crack the code' to consistently making enough profits in the markets so that I can...

- Buy whatever I want without looking at the price
- Get a healthy amount of sleep and hit the gym before work
- Forget about my job that paid me 14 euros per hour
- Visit some of the coolest places on Earth and enjoy them to their fullest

After spending 4 years in the forex markets and coaching over a thousand traders...

I discovered **2 BIGGEST reasons** why the majority of traders are being left in the dust by the top 5%.

1. Fear (of Losing Money and Missing Out on Homeruns)

(picture of a guy in front of his PC with a hand on his chin and a serious face, resembling avatar)

2. Greed (Thinking This is Their Ticket to Get Rich Quick)

(picture of tons of money falling down on a guy)

These 2 wrong approaches to trading are what's gonna chain you to an office chair and keep you broke for another 40 years...

Instead of bringing you closer to the financial freedom that people who put in the work deserve.

YES! I'M READY TO BECOME A FUNDED TRADER!

My goal is to turn people who are sick of gimmicks and serious about reaching their goals into consistently profitable funded traders.

That's why you'll never see me posting pictures of my car or my house...

Simply because that B.S. ain't gonna help you reach the status of a \$100.000 funded trader.

Over the past 2 years we've built a community of over a 1000 students who were tired of account flipping...

And have decided to finally build themselves a sustainable pathway.
