

**Thanks for grabbing this awesome funnel template pack from me!**

Click the links to import the funnel into your account.

If you are on a FREE plan, please note that the max you can have in your account at one time is three. However, you can deactivate and activate funnels as needed to clear space. You should also be aware that some funnels may not import into your account if you are on a FREE plan if you have already met your limits of order bumps or sales funnels. To maximize your success, I recommend upgrading to at least the [STARTUP PLAN](#).

If you have any questions, feel free to email me at [info@successwithderrick.com](mailto:info@successwithderrick.com)

Much appreciated!
