2) Parklife Bid (by end of January). Decided to put in a bid for materials for a rocket stove, more cooking utensils and a couple of picnic tables for the area behind the pizza oven and the Forest garden.

3) Advertising material.

Business cards to be 1 sided so can write on the back.
Include community events on the A5 leaflet. (2nd side blank so events can be added later)
Feeling of the Board that if possible would like the vertical banner to be a photo collage like the last one. Debs will try and get in touch with Marc Roberts to see if he has the original file.

4) Albert Avenue Allotments

Planning a community orchard on site. Agreed that we could support by either giving some of the young apple trees from PP and or inviting them to a grafting session in March.

5) AOB

Mark mentioned the possibility of trialing herbs in pots for village greens this year.
