ACATA Conference Partnership Request

About ACATA

The Association for Computerised Adaptive Testing in Africa ([ACATA](https://www.acata.org)) was founded in 2020. ACATA is a research think tank that serves the role of driving innovations for tackling problems with respect to educational assessments and innovating new solutions to fix them. The vision is to grow the capability for CAT and expand its use in Africa. As a way of deploying this, ACATA is having her second biennial conference from October 20 to 23, 2025.

About the 2025 ACATA conference

We are delighted to announce that the Biennial ACATA conference will be hosted by the Gordon Institute of Business Science ([GIBS](https://www.gibs.ac.za)), University of Pretoria, in partnership with [eGrowth](https://www.egrowth.co.za).

With the conference theme ***“Transforming Educational Assessment with Adaptive Technological Innovations,”*** the 2025 ACATA conference serves as a platform to bridge the gap between traditional and technology-driven assessment methods, ensuring that learners are adequately prepared for the evolving demands of the 21st-century workforce. Additionally, there will be a wealth of individual oral presentations and innovative interactive sessions on cutting-edge research and applications.

Conference Partnership Opportunities

On behalf of the Organising Committee, we invite you to consider partnering with ACATA for the 2025 conference. With this partnership, we count on you to:

1. Disseminate the conference information within your organisation
2. Nominate a staff member to join the local organising committee for the conference and
3. Support your staff to attend the conference.

Below is the registration fees category:

- Physical Participation: \$350
- Student Registration: \$200
- Non-presenting Delegates: \$500
- Virtual Participation: Free (***Subject to providing proof of affiliation to a financially handicapped partnering organisation***)

Your organisation will also enjoy the following benefits upon agreeing to this partnership request:

1. Acknowledgement in the conference programme
2. Organisation logo, company description, and website link posted on the conference website.
3. Opportunity to provide one electronic handout or flyer posted to the conference website.
