4th Venus Session Plan

Introduction:

- The Venus Session Plan is a simple guide to steer us through the components leading up to the Mars Session, The Mars Asynchronous Session, and the Mars Real-Time Session, ensure there is clear follow up, and support the creation and implementation of the [4th Venus Plan](#) itself, which will last until the next Venus Session about 3 months away. There are Three Parts to the Venus Session Plan:
 - Venus Pre-Session Plan
 - Venus Asynchronous Session Plan
 - Venus Real-Time Session Agenda & Plan
- Until the Pre-Session Plan has been completed, even if we are within the Mars Asynchronous Session already, the focus would still be on the Pre-Session Plan, as it is difficult if not impossible to skip ahead to the other details of the Mars Asynchronous Session without completing the Pre-Session goals. So in that way the Pre-Session Plan becomes a subset of the Asynchronous Plan once the Async Session starts.
