

VHS Tutoring Schedule

TUTORING

There is significant research that shows that students who spend the most time learning and studying show the most growth. To help you learn and grow, every teacher offers tutoring in their classrooms. You may go to any teacher for tutoring. The list of available subjects and times is posted on the school website.

Please take advantage of these opportunities! The staff at VHS wants to see you succeed, and we'll help you work hard to do it!
