

## Firefighter I Teaching Project

**Name** \_\_\_\_\_

### **Assignment:**

Each student will be responsible for picking one topic and one skill in the Essentials of Firefighting Textbook. The topic may be from any part of the textbook regardless of whether the subject has been covered in class. The student must be able to demonstrate the skill to the class. Once the student has picked a topic and skill, the student will research the topic by using the Essentials of Firefighting Textbook, the internet, and any other sources that the instructor deems appropriate. The student will design a PowerPoint presentation using the available resources and present it to the class. The presentation must be a minimum of 10 slides including a Title Slide. The presentation must last between 8-10 minutes including the skill presentation portion. The student must ensure that the entire class participates and practices the skill that is taught. The student will be graded by a rubric.
