

PROFESSIONAL SUMMARY

Experienced Construction professional, specializing in Plumbing and drainage in residential construction. This includes Pre-Slabs, pipe outs, and the residential build's fit-offs. Throughout this, I am experienced in maintaining and creating client relationships. I am seeking to pivot from hands-on roles into the corporate sector.

EXPERIENCE

R&R Plumbing and Gas, Wanaka

Drainlayer & Plumber

February 2021- Present

This is a construction role (New Builds and renovations). I have been assisting with projects from pre-slab stages through pipe-outs to fit-offs. My Specific role included the planning and implementing foul water systems, stormwater systems, and water services throughout a construction project. Here I have demonstrated timeliness, project coordination and client relationship management.

Kraft Heinz, Christchurch

VMI/ Sales Analyst

September 2019 - June 2020

This was a supply chain management and sales role. I dealt directly with my customers from Foodstuffs South Island. This role entailed placing orders for all the FMCG products that KH had in range, ensuring we stayed in stock and reached our sales targets. In this role, I have experience planning and implementing a sales and supply plan through Covid.

Pony Transport, Botswana

Internship

December 2018- December 2018

This job required me to create a strategic plan specific to the goals of Pony Transport in that current market. This was achieved through extensive research and analysis from which I suggested potential new routes for growth into new territories.

EDUCATION

- University Of Canterbury Christchurch, New Zealand February 2016- June 2020

Sky Kiwi, Christchurch - *Internship*

August 2018- October 2018

This job was to increase click traffic through the SkyKiwi social media platforms. We achieved this by continuously updating current news stories throughout the platforms. I worked in a team of two where my role was to find stories relevant to the target market of SkyKiwi.
