Lennox Football – JV Travel & Participation Policy

To support the continued growth and development of our student-athletes, Lennox Football has established the following guidelines for Junior Varsity (JV) competition:

Roster Composition: For JV games, only freshman and sophomore players will travel and participate.

Exceptions:

If the opposing team has an additional squad and an extra half of football can be scheduled, we may expand participation as needed.

Juniors may be included on a case-by-case basis when there is a specific positional need that cannot otherwise be filled.

Purpose:
The primary goal of our JV program is to provide meaningful opportunities for our underclassmen to compete, develop their skills, and prepare for future varsity play. By focusing on freshmen and sophomores, we can ensure proper playing time and continued growth for the foundation of our program.

We appreciate the support of our players, parents, and community as we prioritize the development of all Lennox Football athletes.
