Chapter 4: Change of Scenery

Avatar: The Last Airbender

Fire Nation

Naruto sighed as he walked out of the palace. Azula was pissed off at him again. He had gotten her pregnant for the sixth time. She threw all the blame for her newest pregnancy on him, not taking any responsibility for the fact that she was the one who rode him until he came in her.

"She'll get over it as usual," Naruto said aloud as he walked through the forest around the Fire Nation Palace, a place he came to relax.

Azula had done this for all her previous pregnancies, but when the babies are born, she becomes a mother hen. Some people would think the princess wouldn't be a good mother, but she is.

Not only are Azula, Yue, Suki, Song, Katara, and all of his other women good mothers, but even June the bounty hunter, who charges him heavily for each child she delivers, is a good mother. He has to basically pay child support every month.

"I am happy, but it is so boring," Naruto groaned. His life was spent being the shadow ruler of the four great nations. He basically controlled the Fire Nation through Azula, the Water Tribe through Yue and Katara, the Earth Kingdom through Toph, whom he helped elevate her family to be advisers to the Earth King, and he had Aang, the Avatar, through Katara and the fact that he helped him get his wife.

The problem is that he was doing the same thing over and over. Although he had a harem, he was stuck in a routine. When he was on the run, sleeping around with different women, he was having a lot of fun. Now, it was like he was caged.

"I wish I could get some excitement in my life. Maybe a change of scenery," Naruto said out loud. What he didn't expect was that a powerful and mischievous spirit was listening to him.

"Is that all you want, human?" Naruto heard a voice say. He turned around to see what looked to be an old man, but it shifted into a baby, then its age changed again, back and forth from infant, teen, and elder. "I shall grant your wish."

Before Naruto could say or do anything, a flash of light consumed him, and the blonde was gone, not to be seen for many years, saddening and angering his women, children, and friends.

Legend Of Korra

Location:??

The next thing Naruto saw after the light died down was that he was no longer in the Fire Nation. In fact, it was like he was back in either the Southern or Northern Water Tribe.

"Did that freaky spirit teleport me here?" Naruto asked to no one in particular, more like just stating the obvious. So, he decided to go and see if he could find anyone to tell him what was going on.

They walked through the ice and snow. Naruto wasn't cold, so he used his water bending to vibrate the water molecules around him, creating heat to protect himself from the cold.

The Uzumaki walked until he found some houses made of ice. He approached the closest one and knocked on it. He heard someone inside coming to answer and was surprised when he saw that it was one of his daughters, Katara's daughter Kya, who answered the door.

What was surprising was not that his daughter answered the door, but the fact that she was a fully grown woman now. The last time he saw her, she was still an infant, but he was sure it was her.

"Is that you, Kya?" Naruto asked, confused about what was happening. What had that spirit done? Had it sent him to a parallel world, or maybe the future?

"How do you know my name? Who are you?" Kya asked, confused. The man in front of her felt familiar, as if she should know him. She took in his appearance: his unique blonde hair and blue eyes. Then it clicked. "Is your name Naruto Uzumaki?"

"Yes, that's me, and I'm your father," Naruto responded happily. Kya knew who he was, but he then had to dodge an attack by the now enraged woman. "Hey, stop that! What are you attacking me for?"

"Well, Father, what did you expect? You've been gone for many years. Do you think I will greet you with open arms?" Kya stated as she made the snow and ice around her melt and created whips to attack the blonde man. "Do you have any idea what has happened since you were gone? Do you even care?"

"Calm down and talk to me," Naruto pleaded, but it fell on deaf ears. Kya just continued to attack until the Uzumaki decided he had enough.

Naruto used his water bending to evaporate the water around them and used the steam created as a smoke screen to attack Kya. With one chop on the neck, she was out like a light.

Fast Forward

A while later, Kya slowly woke up in her bed, feeling someone's arms embracing her. At first, she panicked, thinking that someone had taken advantage of her. Then, she looked at the person and realized it was her father, who had been absent for most of her life. A fresh wave of anger came over her.

Why you may have asked, it stems from the fact that because he abandoned her and her siblings, she developed a fear of being abandoned, which led her to have unhealthy relationships with men. She would put up with a lot of crap and be used by assholes, but she stayed. This led to her gaining the reputation of a slut, which made any decent man stay away from her.

That's not to mention a few months back she got pregnant by a one-night stand when she was visiting her siblings in the Fire Nation. Kya was happy at first, but then the man who got her pregnant demanded that she get rid of the baby. He didn't want to have a child with a whore, and, not to mention, he was married. She, of course, refused, but he managed to talk her into going out with him on a date, where he paid a waiter to slip something into her drink.

Kya later had a miscarriage. She was devastated. It was only later that one of her half-siblings, between Naruto and Azula, discovered what the father of her baby did and informed her. Needless to say, she was furious.

Usually, Kya would not encourage her siblings to violence or herself, but she made an exception this time. Both the waiter who poisoned her and the father of her unborn child were captured and never seen again. This was mostly because they drowned in the ocean when consumed by wrath, the same emotion Kya was feeling now.

"Shh, calm down. It's going to be okay. I'm here now," Naruto said, as if he could feel Kya's negative emotions. He started to rub her back and whisper gently in her ear.

Kya tensed at first, but tears slowly started to fall from her eyes. She felt anger, hatred, love, and a hint of lust being in the same bed as a man, even though he was her father.

The female water being felt pathetic. All it took for her to let go of her anger and hate was a back rub and some sweet words. No wonder men keep walking all over her.

"Don't be sad. I am here now and I will protect you," Naruto said as if reading her mind. He kissed her forehead, making Kya blush at how loving and gentle he was with her.

The two stayed on the bed in a comfortable silence for a few minutes until Kya fell asleep in Naruto's arms, emotionally tired. It would be the first time in months that the water tribe member slept so peacefully.

Fast Forward

Kya sat across from Naruto at her kitchen table, both looking awkwardly at the other. Naruto had told Kya what happened to him, and she, in turn, told him about what he missed during the years he was missing.

Apparently, after he vanished, there was a manhunt for him by the women he was involved with. But when they couldn't find him, some thought he was dead, while others believed he had run away again to sleep around.

Naruto couldn't blame them for thinking either of the two things, but in any event, he would have to get in contact with them soon. What worried and upset him was how his absence affected some of his children.

"I am sorry you had to go through all that, but I am here now," Naruto declared as he got up and embraced Kya. She tensed at first, but slowly relaxed in his arms.

They stayed like that for a while until Naruto lifted Kya up and placed her in his lap. She didn't resist but just enjoyed the warmth and safety she was feeling.

Kya felt something poking her in her father's lap and quickly realized it was his cock. He must have gotten hard from holding her in his lap, even though she was his daughter. One would think she would be disgusted, but the opposite was true—she was flattered and aroused.

Maybe this was where his nasty side came from because it was clearly not her mother's side of the family, with Katara being a prude.

Kya made the first move and brought her face up to Naruto's, kissing him on the lips. If the blonde man was surprised, he did not show it, as he returned the kiss with equal passion and lust.

Lemon Scene Ahead

Naruto was surprised at first when Kya kissed him, even though he didn't show it. He kissed her back on instinct, but he was in a dilemma. Kya was his daughter. Was he really going to fuck her? Katara would be after his balls if he did.

Kya slipped her hand under Naruto's pants in the meantime. She found his cock and began to gently stroke it, making her father groan in her mouth. She smirked in the kiss, happy that he liked what she was doing.

Naruto was listening to the pleasure as he made out with his daughter. Their tongues slipped in and out of each other's mouths, and at some point, Naruto's hands found their way under Kya's clothes, playing with her breasts and bald, wet pussy.

As Naruto felt Kyuubi's chakra coursing through his veins, he realized that his desire for Katara was overwhelming. His body responded to her touch, and he knew he had to act on his feelings.

Naruto broke the kiss to Kya's displeasure, but soon turned into excitement as he ripped her kimono top off, revealing her bare breasts. She shivered as she saw his lust-filled eyes zero in on her hard brown nipples, which were just begging to be sucked.

Kya moaned out loud as Naruto kissed down her neck slowly, he sucked on her tender flesh, leaving love bites and hickeys behind on her mocha-colored skin.

"Shit, it sucks my teats, Daddy," Kya shouted as soon as Naruto started to suck on her left tit, with his hand playing with the right. "How are my breasts, Daddy? Are they better than Mom's?"

Naruto let go of her nipple with a wet pop. "Your teats are wonderful, baby, just like your mother's, but I think you're firmer and more sensitive." the Uzumaki answered honestly. But in his mind, he knew the reason for this was because Kya never had a child, so her tits were perkier than her mother's.

Naruto then switched to Kya's right breast and started sucking it as if he was trying to get milk out of her. Soon, the female water bender felt a familiar sensation in her crotch and, with a shout, she came all over her father's lap.

Naruto placed Kya on the kitchen table and removed his own clothes. His pants were wet with Kya's female cum anyway, so it was a good time for him to strip. He then went to the still recovering Kya and took off the rest of her kimono, leaving her in only her shoes and panties.

Naruto admired Kya's naked body, which looked similar yet different to Katara, her mother. She was taller, with wider hips and a bigger ass, but her breasts were smaller and firmer. Kya looked so sexy in her wet white panties, which showed her pussy lips through the fabric. Her face was flushed, and her body was covered in sweat.

"You are so beautiful," Naruto muttered as he pulled Kya's panties down. The female water bender lifted her legs up to make it easier for her father to get her underwear off. Now bare, she couldn't help but feel nervous under Naruto's gaze.

The Uzumaki eyes went to her wet slit, which looked like it had never been used before. So, he guessed that Katara must have taught her how to heal herself after every fuck to keep her slit virgin-tight.

Naruto started to kiss down her body, which was hairless from the neck down—a trait that all water tribe women share. The Uzumaki made his way down to Kya's hairless pussy, licking around the slit and getting loud moans from the female water bender.

"That's it, Daddy, lick me all over," Kya shouted, her legs wrapped around Naruto's head, locking it in place.

Naruto took Kya's clit in her mouth and sucked hard. The effect was instant. The Water Tribe woman let out a cry as she came, soaking Naruto's face, but the blonde was far from finished as he slurped up his daughter's juices.

The Uzumaki wanted to get a better taste of his Kya, so he spread her slit apart and put his tongue inside her. His tongue went in and out, then he twirled it around.

Kya was cumming continuously at this point, her body was shaking and twitching uncontrollably as she let out groans and moans. Naruto gave Kya's pussy one last lick from her pucker anus to her aroused clit and gently unwrapped her legs from his head.

Naruto then stood up and looked at Kya's sweat-covered body. She was panting, with her perky breasts rising and falling with each breath, leading to her flat stomach and glistening slit.

The Uzumaki aimed his shaft at her pussy, rubbing it along the slit, making Kya groan every time he did. He continued to penetrate her until an idea came to her.

"You know, Dad, this won't be the first time I've had your cock in me," Kya said seductively, making Naruto confused. He can't remember fucking her before now. "What I mean is, Aunt Azula, Mom, and the others made a replica of your cock to satisfy themselves after you disappeared, and I found it and used it many times before."

Naruto's cock twitched madly as he imagined a younger Kya using a dildo modeled after his cock on herself, moaning as it stretched her out.

"In fact, I used it to take my own virginity. It was painful at first, but it felt so good after I got used to the size. I played with myself until my pussy was red and blistered," Kya continued rolling her hips, panting

madly. "I think it's part of the reason why I can't maintain a relationship because no other man can satisfy me."

"I bounced from relationship to relationship, from man to man, but none could satisfy me. They only hurt and abuse me, Daddy," Kya said in a fake hurt voice. "But you would hurt me and leave again, wouldn't you?"

"No, I wouldn't, sweetie," Naruto said, feeling Kya place a hand on his cock, her fingers going up and down the shaft, then she aimed it at her soaked hole.

"The give it to me hard, daddy. Ruin me so no other man can even think they can satisfy me and breed my nasty pussy," Kya said, moving her hips so that she could get Naruto's rod to slowly go inside her.

Naruto had other ideas. He slammed his shaft inside Kya to the base, knocking the air from her lungs. She had turned Naruto on so much with her words alone that he decided he was going to give her all that she wanted: to be fucked hard and bred like a good little slut.

"I am going to fuck you so hard that you will be leaking my seed for days," Naruto growled as he slammed hard into Kya on her kitchen table, making it groan from the force.

"Do it, Daddy, fuck my pussy hard," Kya said seductively as she squeezed her already tight cunt around Naruto's cock. He groaned because of how tight Kya felt.

Naruto sweated from keeping himself from cumming. Kya's pussy was virgin-tight, but she could take all of his cock and squeeze down hard. The blonde could feel all of Kya's delightful folds.

CLAP CLAP CLAP CLAP

Naruto worked his shaft in and out of Kya faster and harder every time. The kitchen table was moving with every thrust to the point it broke, but thankfully, Naruto caught Kya before she could hit the ground and held her in his arms, bouncing her on his cock.

Kya hugged Naruto's body to hers and started kissing him as he worked her slit with his rod. She felt so good. The Water Tribe woman began to understand why her mother and aunts put up with the blonde man's actions. He was going to ruin her for other men.

"That's it, Daddy, put a baby in me," Kya said after breaking the kiss. "You will let me keep the baby unlike the rat bastard who made me miscarry."

"Yes, sweetie, I will let you give birth to as many babies as you want," Naruto replied, still bouncing Kya on his cock, which was coated in her juices to the point it was leaking down his balls onto the kitchen floor. "Any man should feel honored that you want to have their child, and I promise that I will not let anyone hurt you again."

"Thank you, Daddy. I love you," Kya said as she came once again. She was happy that she finally found a good man who would fuck her brains out and give her babies, even if it's her father.

"I love you too," Naruto responded as he started to cum deep inside Kya's womb. The Water Tribe woman held onto Naruto as she took his seed, clamping her legs around his waist.

Naruto pulled out of Kya and placed her on her hands and knees on the floor. He got behind her, and without hesitation, slammed back into her cum-filled pussy, making Kya cry out from being stretched out once more.

"I don't think you will get pregnant from only one load, so four or five more might make it happen. What do you think, Kya?" Naruto said as he thrust his shaft in and out of Kya. His white skin and her mocha color made for an exotic sight as his shaft went in and out of her slit. Her plump ass jiggled with every thrust, and her hole was completely exposed to him.

"More fuck me more," Kya moaned, throwing her hips back to meet Naruto's thrusts. She loved this new position; it made her lover's cock reach further into her.

Hours later, on the kitchen floor, Naruto would be covered in sweat, with his wet cock soft. Next to him, Kya was also covered in sweat, leaking semen from her used holes, fast asleep in a spread-eagle position.

Lemon Scene End

Naruto carried Kya into her bedroom. She was peacefully asleep, holding on to him tightly with her arms around his neck. He smiled and kissed her lips, making her unconsciously kiss back.

The blonde placed her in bed with him lying on his back and Kya on his chest. She was snoring in a cute way, her beautiful naked body pressed tightly against his own.

"Katara is going to kill me when she finds out I slept with our daughter," Naruto groaned. He could already see Katara chasing him around with ice blades raining down at him. "Shit, well, at least Kya seems happy."

Kya was indeed happy; she had asked him to give her a baby, and from the way he came inside her repeatedly, it was almost guaranteed that she was carrying his baby.

"hahaha," Naruto laughed at how ridiculous this situation was. He traveled years into the future and had sex with his daughter, maybe even impregnating her, something Kya wanted. "Well, at least my life isn't boring anymore."

"I wonder how Azula, Yue, and the others are doing," Naruto said aloud. He knew they were still alive thanks to Kya, but some of their locations were unknown. "Meh, I'll find them, and we'll reunite soon."

Naruto also knew they would still be young and beautiful as he remembered them because of a pet project of his, which was basically a fountain of youth. He created it by focusing the chi of the world in

one location, aka a pool of water, making the water capable of restoring the youth of anyone who drinks or bathes in it.

That is not to say that there are no risks in using it. If you stay too long in the water and drink too much, you can regress into nothingness. So, it was best to use it as little as possible until you reach the age you want.

"I will reunite with my wives, but that doesn't mean I wouldn't have some fun along the way," Naruto said with a smirk, grasping Kya's ass and squeezing her soft flesh as her hard nipple rubbed against his chest. He was going to have so much fun.
