Here's the error:

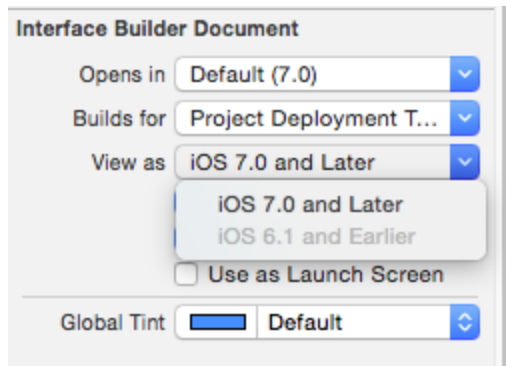

Here's why I think I have the correct deployment target:

And...

And also this comes up when I click my Collection View:

Interface Builder Document

Opens in Default (7.0)

Builds for Project Deployment T...

View as iOS 7.0 and Later

iOS 7.0 and Later
iOS 6.1 and Earlier

☐ Use as Launch Screen

Global Tint ▭ Default

And here's my current Main.storyboard:

Label

C	F	Hz	J
+	K	L	N
A	-	T	V
cd	kg	*	W
m	mol	s	/

Calculate Final Units   Delete

(I used a Collection View for the cells, but I tried deleting it and continued to get the error)

Thanks again!
