September 15, 2022

Mahomet-Seymour Parents,

For the 2022-2023 school year, all four buildings will be Title I Targeted Assistance Schools. This means Title I dollars are focused on supporting our most needy, at-risk students.

Title I funds for the 2022-2023 school year will support the salary and benefits of our ELL teacher and math instructional coach. Both teachers support students and staff in all four buildings. A large portion of the remaining Title I funds are set aside to support teachers with professional development. This includes training both inside and outside the district. As required by law, funds have also been reserved for neglected and delinquent students, homeless students, and parent involvement.

If you have any questions regarding Title I expenses, please reach out to Dr. Nicole Rummel, Assistant Superintendent, at nrummel@ms.k12.il.us.

Thank you,

Dr. Nicole Rummel
Assistant Superintendent
