Kia Ora Ian! My name is Kyra and I am in Mamaku Hub @ Grey Main School.

I like your post about Book Character day because you have given a small description about it and some photos. What is your favorite book or Series? My favorite is Chris Colfer's Land of stories books because it's fantasy and has a mixture of fairy tale characters in it. The most recent book in the series I've read is Beyond the Kingdoms; it's about the masked man making an army of literature's meanest villains! It is the 4th book in the series.

This reminds me of when my school (Grey Main) had book character day. I dressed up as Klaus Baudelaire from a series of unfortunate events. Each year the teachers and children dress up. This year the teachers dressed up as the little men like little Miss Chatterbox and Mr Happy.

Maybe next time you could say if you did any activities on book character day and what you enjoyed or who's costume you liked the best. Was it yours? Was it your friend's?

Hi Arli,

you did a good letter because you said you were going to be sensible for the job and I see you as a hard loyal worker, example " i will work my hardest every single minutes-"
Did you enjoy writing that pretend letter ?
If you did what was your favorite part ?
You should add why you did the letter and what did you do it for.
You also added to "ands" in the same sentence.

Kind regards Ian.

This reminded me of our class collage of photos from the year that we made in 2016. Maybe next time include some photos to make the post even more interesting. For example you could make a pic collage filled with photos of class activities you've done. What was your favourite activity this year? And if you could explain how much you liked it in one word, what would it be? What was your favourite class activity you did in term one?</p> <p>Kind Regards, Bella N, Rimu Class,</p>

Hi South Hornby,

I really like your post of you guys building these waterslides!
I like how you added some photos of building and testing them.

Maybe next time you could add some videos of the waterslides being tested so we can see how they work.
What was your favourite part of this and why?

Tim	<p>Hi Patrick & Ralph,</p> <p>I liked your slide because if you went to Queenstown you would have an idea what it has to offer and where to go. Did you know Lake Wakatipu is 420 meters deep (that is almost half a kilometer).</p>	Tim - how can they make their post better?

Hope you enjoyed your trip.

I liked your slide because if you went to Queenstown you would have an idea what it has to offer and where to go.

If you could go back to Queenstown what would you do there again?
