Each zone is to provide a supervisor who is asked to be present and circulate throughout the day. They could wear a brightly colored vest so that everyone knows they have a specific duty / job. These people are to supervise students from ***ALL*** schools in the meet and have the authority to deal with inappropriate behaviors that they observe (ie) students flipping on pole vault mats or climbing on sheds etc. Inform your students of this and instruct them to show proper respect towards all adults, supervisors and other volunteers.

Remind your athletes that the same 'rules' apply from the Zone Meets. In particular, runners are ***NOT*** allowed to stick out an arm or intentionally 'cut' off another athlete in order to block or prevent another runner from passing. If a student does not want to be passed by another athlete, they must run faster. Athletes will be disqualified from the race if this occurs. With laned events, athletes must stay in their own lane.
