

Critical Police Studies Bibliography
[The Policing and Social Justice Project](#) at Brooklyn College
Alex S. Vitale, Coordinator

This is an open access resource for scholars, researchers, teachers, and activists. It is also a community work in progress. Right now we are only including books, but in the future we hope to expand to articles, reports, and other types of materials. It is also not very historical. Most of the references are less than 10 years old. Feel free to suggest additions as comments in the relevant category and please share with others.

Books are organized under subject headings which are hyperlinked below. Books may appear under multiple headings.

We plan to roll out additional resources for scholars and activists in the coming months. Please [subscribe](#) to our free once a month newsletter to stay informed. Or get a paid subscription to support our work.
