Dear School Stakeholders,

In accordance with federal law and guidance from the Missouri Department of Elementary and Secondary Education (DESE), the Bevier C-4 School District is committed to developing, implementing, reviewing, and updating a Local School Wellness Policy that supports student health, well-being, and academic success.

The District encourages the involvement of a broad group of stakeholders in this process, including parents, guardians, students, school food service staff, teachers, school administrators, school board members, and members of the community. Stakeholder participation is an essential component of ensuring that the Local School Wellness Policy reflects the needs and priorities of our school community.

All interested stakeholders are invited to participate in the development, review, update, and implementation of the Local School Wellness Policy. Individuals who are interested and willing to participate should contact the school at **660-236-2090** and indicate their interest.

The District will continue to make information available to the public regarding the Wellness Policy, including updates, implementation progress, and opportunities for involvement, as required by DESE and federal regulations.

Thank you for your continued support and partnership in promoting a healthy school environment.

Sincerely,
Bevier C-4 School District
