DAY: Tuesday

DATE: 29.03.2022

PROGRAMME NAME: CUPPY SUCCULENTS

DESCRIPTION OF ACTIVITY:

FIRST STAGE ACTIVITY:

27.01.2022

The location of the green house was determined. The succulents need place that receive morning sunlight with shade or filter to avoid heavy downpour rain. A place to arrange the 'cuppy succulents' also was identified. A rack was installed next to a wall of the school's building.

SECOND STAGE ACTIVITY:

01.02.2022

The succulents were bought at price RM 10/ 3 pots. The process of planting the succulents started. Teachers and students were involved in this activity. Succulents' collectors, Nurmuszaini and Goh Cyn Dee also helped us on repotting them.

THIRD STAGE ACTIVITY:

09.04.2022

The selling of 'Cuppy Succulents' in Grow Market with Grew at Auto City. The sales started at 8.00 am to 12 noon. It was a success. Most of the succulents were sold out. Customers preferred mixed succulents. School plans to sell mixed succulents in the next sale.
