

Triggered by: Approve Application, an activity performed by an ACU Office RCA once all reviews and approvals are finished.

Recipients: Protocol PI, PI Proxy, Protocol Lab Contacts/Email Recipients

Email Subject Line: IACUC # *[protocol number]* is approved

The below referenced animal use application has been approved.

This is an eRAM system message. Please do not reply to this address.

Please contact the ACU Office (734-763-8028 or acuoffice@umich.edu) with any questions.

Principal Investigator:

Protocol ID:

Protocol Title:

Species:

Approval Period:

Animal activities must be conducted in accordance with the description in the IACUC approved protocol. Any changes to these activities require an amendment, which must be IACUC approved before the work can begin. Please refer to the IACUCs [Policy on Processing and Approving Protocol Amendments](#) for more information or contact your RCA for assistance.

A formal approval letter listing the external and/or internal sources that fully or partially fund this protocol is attached. The letter can also be found on the documents tab of your protocol workspace in eRAM.
